

## Application for Biology Honors Program

Juniors and seniors who wish to graduate with honors in biology must petition the Biology Program for admission to the honors program and have support from a faculty mentor to complete an independent research project that meets program capstone requirements. Honors graduates must have a minimum 3.5 GPA in all biology courses taken for the major and a minimum overall 3.00 GPA. These GPA requirements apply to coursework taken at SOU only.

Name: \_\_\_\_\_ SOU ID: \_\_\_\_\_
