PLEASE SEE NEXT PAGE FOR ADDITIONAL INFORMATION

Oregon Lottery Scholarships are awarded on the basis of **academic merit** and **financial need**. Amounts and distribution dates of the awards vary from year to year based on the availability of Lottery funds and each pool of applicants. **NOTE: this award will affect the aid package of any scholarship recipient receiving financial aid.**

“Academic merit” is determined by a record of scholarly achievement as demonstrated by grade point average, test scores on nationally recognized tests, and other evidence of scholarly or creative activity. Applicants should speak to these and any other indicators of academic merit in their Statement of Academic Accomplishments and Goals.

“Financial need” is determined in accordance with the federal guidelines established pursuant to the Higher Education Act of 1965, as amended. Only domestic students who have completed a Free Application for Federal Student Aid (FAFSA) for the current academic year and have a demonstrated financial need will be considered. Applicants may also speak to any other factors contributing to exceptional hardship in their Statement of Financial Need.

To be eligible for nomination for an Oregon Lottery Graduate Scholarship, the student must:

- Have been regularly admitted (or have applied and been admitted for the term the scholarship becomes effective) to a master's degree program at Southern Oregon University;
- Have an undergraduate GPA of at least 3.5 and, if applicable, a graduate GPA of at least 3.5
- You must have filed a FAFSA form naming SOU as a recipient of application data (Section 6 #86).
