

Klamath Community College Associate of General Studies (AGS) Articulated with the Southern Oregon University BA/BS in Business Administration

Effective Date: Fall Term 2015 - To remain in effect until updated or terminated by KCC or SOU

It is agreed that students transferring from Klamath Community College (KCC) to Southern Oregon University's (SOU) Bachelor of Arts/Science degree in Business Administration will be given full credit for all selected courses listed on the attached schedule. Students following this program of study will have met SOU's lower-division general education requirements, will be assured junior standing within the academic major, and will be eligible for admission to the Business Administration major. This agreement is based on the evaluation of the rigor and content of the general education and technical courses at both KCC and SOU and is subject to a yearly re-evaluation by both schools for continuance.

Baccalaureate students must complete a minimum of 60 credits of upper division work before a degree will be awarded and meet all the requirements of SOU prior to graduation. Upper division is defined as 300- and 400-level classes at a bachelor's degree-granting institution.

Transfer students may receive their catalog of graduation by obtaining written approval from their SOU major department. The agreed upon catalog will be the one a student uses when he/she declares the Associate of General Studies degree major at KCC. Students must enroll at SOU within two years of this approval.

Date: 5/15/15

Klamath Community College Associate of General Studies (AGS) Articulated with the Business Program at Southern Oregon University

Effective Date: Fall Term 2015 - To remain in effect until updated or terminated by KCC or SOU

About the Program

The Associate of General Studies degree in Business has been developed with the cooperation and support of Southern Oregon University (SOU). The degree is fully articulated with SOU's Business program and allows students to transfer directly as juniors into the Business program at SOU with no loss of credits to pursue a bachelor's degree. The program offers an excellent balance of business and general education courses that support advanced study in the field of business.

Students should contact the SOU School of Business early in the first year of their AGS program to be advised about additional requirements and procedures for admission to the school or program. Students transferring to SOU will be required to complete "BA100: Orientation to the School of Business" and "BA 282: Business Statistics" on campus at SOU during their first quarter.

Students should be aware that if they transfer before completing this degree, their courses will be evaluated individually toward the general education requirements in effect at SOU.

Entry Requirements

Students are required to take the college placement test to determine skill level and readiness indicated by test scores. As part of their training program, students must begin with the courses within their skill levels as determined by placement test scores. In addition, students may also be required to enroll in classes that would increase their employability and success.

Advanced Standing

Coursework from accredited colleges and universities will be accepted in accordance with college policies and the Business Department head's approval. To ensure coursework is current, program courses over 10 years old must be reviewed and approved by the appropriate department head before being accepted toward course requirements.

Graduation Requirements

Students must complete a minimum of 90 term credits of lower division collegiate courses with a minimum grade of "C" or better.

Students who have graduated from high school or completed a high school equivalency program in 1997 or after must have the following requirement for admission to a four-year Oregon state college or university: 1) Two years of the same high school-level language, or 2) two terms of college-level language with a grade of "C" or better (may be first-year language which can be used as elective credits). Note: If students plan to complete a Bachelor of Arts (BA) degree at a four-year school, they must have a proficiency in a foreign language regardless of when they graduated from high school or equivalency program.

Course Requirements for the Associate of General Studies Articulated with the Business Program at Southern Oregon University

Writing Skills and Oral Communication Skills Required Credits: 11-12
