

**Associate of Science Degree (UCC)  
Articulated with the School of Music at Southern Oregon University**

It is agreed that students transferring from Umpqua Community College (UCC) to Southern Oregon University's (SOU) Bachelor of Arts or Science degree in Music will be given full credit for all selected courses listed on the attached schedule. Students following this program of study will have met SOU's lower-division general education requirements, will be assured junior standing within the academic major, and will be eligible for admission to the Music Program. This agreement is based on the evaluation of the rigor and content of the general education and technical courses at both UCC and SOU and is subject to a yearly re-evaluation by both schools for continuance.

Baccalaureate students must complete a minimum of 60 credits of upper division work before a degree will be awarded and meet all the requirements of SOU prior to graduation. Upper division is defined as 300- and 400-level classes at a bachelor's degree-granting institution.

Transfer students may guarantee their catalog of graduation by obtaining written approval from their SOU major department. The agreed-upon catalog will be the one a student uses when he/she declares the AS degree major at UCC. Students must enroll at SOU within two years of this approval.

This agreement shall remain in effect until updated or terminated by UCC or SOU

2012-13 version of this agreement approved by the following department heads on April 19, 2012:

Lorrie Ranck, M.A.. – Director of Curriculum Support - Umpqua Community College  
Dr. Margaret Evans - Chair of Music - Southern Oregon University

# **Associate of Science**

## **Articulated with the Music Program at Southern Oregon University**

Origination: 2010-11 Academic Year (Remains in effect until updated or terminated by UCC or SOU)

### **About the Program**

The Associate of Science degree (Music) has been developed with the cooperation and support of Southern Oregon University (SOU). The degree is fully articulated with SOU's Music program and allows students to transfer directly as juniors and to become admitted into the Music program at Southern Oregon University with no loss of credits to pursue a bachelor's degree. The program offers an excellent balance of music and general education courses that support advanced study in the field of music.

Students should contact the SOU Music Department early in the first year of their AS program to be advised about additional requirements and procedures for admission to the school or program. Students should be aware that if they transfer before completing this degree, their courses will be evaluated individually toward the general education requirements in effect at SOU.

All students must pass a New Student Hearing before being accepted as a Music Major at SOU. The student's applied level of study (MUP courses) will be set based on the audition.

### **Entry Requirements**

Students are required to take the college placement test to determine skill level and readiness indicated by test scores. As part of their training program, students must begin with the courses within their skill levels as determined by placement test scores. In addition, students may also be required to enroll in classes that would increase their employability and success.

### **Advanced Standing**

Coursework from accredited colleges and universities will be accepted in accordance with college policies and the Music Department head's approval. In order to ensure coursework is current, program courses over 10 years old must be reviewed and approved by the appropriate department head before being accepted toward course requirements.

### **Graduation Requirements**

Students must complete a minimum of 96 term credits of lower division collegiate courses with a minimum grade of "C" or better.

Students who have graduated from high school or completed a high school equivalency program in 1997 or after must have the following requirement for admission to a four-year Oregon state college or university: 1) Two years of the same high school-level language, or 2) two terms of college-level language with a grade of "C" or better (may be first-year language which can be used as elective credits).

## COURSE REQUIREMENTS FOR THE ASSOCIATE OF SCIENCE ARTICULATED WITH THE MUSIC PROGRAM AT SOUTHERN OREGON UNIVERSITY

### Writing and Oral Communication Skills

**Required Credits: 9**

WR 121                      English Composition: Exposition & Intro to Argument (3)
