

Associate of Science at Rogue Community College Articulated with Outdoor Adventure Leadership (OAL) at Southern Oregon University

Origination: 2016/17 Academic Year- until Revisited or terminated by RCC or SOU

About the Program

The Associate of Science degree has been developed with the cooperation and support of Southern Oregon University (SOU). The degree is fully articulated with SOU's Outdoor Adventure Leadership (OAL) program and allows students to transfer directly as juniors and to become admitted into the program at Southern Oregon University with no loss of credits to pursue a bachelor's degree.

Students should contact the SOU program early in the first year of their AS program to be advised about additional requirements and procedures for admission to the school or program. Students should be aware that if they transfer before completing this degree, their courses will be evaluated individually toward the general education requirements in effect at SOU.

Entry Requirements

Students are required to take a college placement test to determine skill level and readiness indicated by test scores. As part of their program, students must begin with the courses within their skill levels as determined by placement test scores.

Advanced Standing

Coursework from accredited colleges and universities will be accepted in accordance with college policies. A maximum of 24 vocational credits are transferable to SOU, and will be counted as elective credit. In order to ensure coursework is current, program courses over ten years old must be reviewed and approved by the appropriate department head before being accepted toward course requirements.

Graduation Requirements

The Associate of Science degree will be awarded to students who complete all credits in this program with a grade of "C" or better. Some required courses may be graded on a pass/no pass basis. A grade of "P" for these courses indicates a student earned a "C" or better grade.

Note: Students who graduated from high school or completed a high school equivalency program in 1997 or after must have the following requirement for admission to a four-year Oregon state college or university: 1) two years of the same high school-level language, or 2) two terms of college-level language with a grade of "C-" or better (may be first-year language which can be used as elective credits). Students planning to complete a Bachelor of Arts (BA)

degree at a four-year school will be required to complete the equivalent of one year of study of a foreign language at the second-year level (or above) before graduation.

Course Requirements for the Associate of Science Articulated with the Outdoor Adventure Program at SOU

Note: Prerequisites may need to be taken before these courses.

Including an approved CS course 3-4 credits CS120 or above

RD 30 College Reading of designated placement score 0-4 credits

WR 115 Introduction to Expository Writing or designated placement test score 0-3 credits

WRITING AND ORAL COMMUNICATION 13 credits

WR 121 English Composition I (4)

WR 122 English Composition II (4) credits or WR 227 Technical Writing (4)

SP100 Basic Communication (4) or SP111 Fundamentals of Speech (4) or COMM 225 Small Group Communication (4)

LIB127 Intro to Academic Research (1)

MATHEMATICS 4-8 credits 1 course required

Take one of the following courses:

MTH 105 Intro to Contemporary Math (4)

MTH 111 College Algebra (4)

MTH 112 Elementary Functions (4)

MTH211 Fund of Elementary Math I

MTH 243 Probability and Statistics (4)

MTH251 Calculus I (4)

Note: The Bachelor of Science degree requires two courses (7 or more credits) of math, designated programming, statistics, or logic courses. The second course may be completed at RCC or SOU. Please see your advisor for more details.

HUMANITIES 9-12 credits

Three Humanities courses from the [SOU General Education Transfer Guide](#)

Note: The Bachelor of Arts (BA) degree requires completion of 1 year of the same foreign language at 2nd year level or above, or 4 years of the same foreign language in high school (C- or better), or successful completion of a proficiency exam. Second year foreign language may simultaneously count for Humanities and the BA requirements

SOCIAL SCIENCE 9-12 Credits

Three Social Science courses from the [SOU General Education Transfer Guide](#)

SCIENCE 11-15 credits

Three Science courses from the [SOU General Education Transfer Guide](#)

At least two of the courses must have labs

CORE COURSES

PROGRAM SPECIFIC COURSES

ENV111 Introduction to Environmental Science (3)

HE253 Wilderness First Aid/CPR (3)
