INTRODUCTION

The Southern Oregon University (SOU) 2019-20 Fee Book, adopted by the SOU Board (Board) through SOU Policy FAD.047 (580-040) contains enrollment fee policies that are in effect at Southern Oregon University for the academic year and summer term as identified. This Fee Book contains policy statements and delegation of authority for a variety of SOU policies and fees and is published for public informational purposes.

Tuition and fee information for the university for 2019-20 and Summer 2020 can be viewed at the following websites: sou.edu/enrollment/cost.html

Tuition and Fee rates and policies contained in this fee book apply to SOU only until such time that new or changed tuition and fee rates and polices are approved and adopted by SOU's institutional governing board. This book is limited to only those tuition and mandatory fees set by the Board and does not contain those special fees delegated to the institution by the University President.

DELEGATION OF AUTHORITY

The Oregon Legislature grants authority to the SOU Governing Board to establish tuition and fees for enrollment at their institutions. Based on recommendations from the University President, the Board annually sets fees for enrollment at the institution, including:

- Tuition
- Building Fees
- Health Service Fees
- Incidental Fees
- Student Recreation Center Fees
- Student Union Fees
- Other Mandatory Enrollment Fees
- Other Special Fees as determined by the Board

The Board has delegated authority to the University President to establish certain fees, fines, and charges for services and materials, including:

- Laboratory and Course fees
- Fees for workshops
- Instruction fees for Continuing Education, Extended Programs, and Distance Education
- Residence Hall Room and Board Rates
- Charges for auxiliary services, e.g., food services, student centers, and parking
- Fines for violation of campus regulations
- Charges for facilities use
- Charges for other materials and services

SUMMARY OF CHANGES

The following narratives summarize the tuition and fee changes for 2019-20, focusing on resident tuition and fees. This Fee Book incorporates Academic Year with Summer Session rates. The Summary of Changes will only address Summer Session tuition rates when they vary from the Academic Year rates and Summer Session fee rates if they exceed Academic Year rates. The institutions' Academic Year tuition rates are aligned with the proposed Summer rates.

As part of SOU policy, administration was required to establish a process, which integrated student participation in the tuition-setting process in accordance with Board, established guidelines (see page 28).

As per ORS 351.063, as amended by SB 270 (2013), the Board may not increase the total amount of enrollment fees paid by undergraduate resident students by more than five percent annually unless the Board first receives approval from the Higher Education Coordinating Commission (HECC) or the Legislative Assembly. SOU has complied with this requirement.

Base tuition increases over 2018-19 rates:

Undergraduate resident: 9.9% (\$17/credit)

Undergraduate nonresident: 4.9% (\$26/credit)

Graduate resident: 10.00% (\$43/credit)

Graduate nonresident: 5.0% (\$27/credit)

SOU initiated a new online master's program for the 2019-20 Academic Year; Online Masters in Education which like the Online Masters of Business administration has a unique tuition rate. In recognition of SOU's growth in the delivery of online programs, all online rates have now been consolidated into one schedule (see page 32) for clarity in understanding those rates. Summer online rates have been consolidated as well (see page 36).

Since the 2016-17 academic year, the Student Incidental Fee has included a \$13.00 per term, per student amount to support the Schneider Children's Center on the SOU campus. SOU closed the Schneider Children's Center following the 2017-18 Academic Year, and as such, has removed this element of the Student Incidental Fee from the mandatory fee schedules.

SOU is continuing the implementation of the Recreation Center fee (currently \$95) as approved by student referendum in 2013.

SOU is increasing the student health fee by 2.1% or \$3.00 per term to \$143.

Prior to Academic Year 2019, the Building Fee was locked at \$45. This fee was originally established by legislative statute ORS 351.170 and subsequently replaced by ORS 352.163 in 2017. The updated statute enables the board of the university to modify the fee as it so sees fit. The board has adopted a fee of \$60 per student per term; an increase of \$15 principally assessed to mitigate risks related to critical information technology infrastructure in academic and support buildings.

Academic Year Tuition and Fee Calculation Changes

The following tables provide sample calculations and comparative information for base tuition and fees for fulltime attendance at SOU.

SOU also provides a tuition calculator for estimating cost of attendance at the following URL:

The tables below compare full time **undergraduate** (15 credits) and **graduate** (12 credits) tuition and fees per term for the new 2019-20 academic year (AY 19) with prior 2018-19 academic year (AY 18) for resident and non-resident students.

\$ Chg represents the per credit change in dollars from the prior academic year.

% Chg represents the per credit change as a percent from the prior academic year.

Tuition and Fee Policies for 2019-20

Tuition Structure and Assessment

Tuition rates for students admitted to academic programs are established via course classification (undergraduate or graduate), and student classification for residency, and credit hours taken. Tuition revenue supports all facets of the university operations including the instructional and administrative costs of the institution and varies based on factors including class sizes, faculty salaries, specialized programs and equipment as well as facilities required to teach courses. Part-time students enrolling for a combination of undergraduate and graduate courses are assessed tuition using the rates for each respective classification of the course and fees based on the undergraduate fee tables for total enrolled credits. Nonresident students should pay a larger share of instructional costs than resident students when the market allows and, on average, cover the full cost of instruction. Nonresident rates should be competitive with those charged at peer institutions and be sensitive to the institutional nonresident enrollment trends and objectives.

There are three basic tuition and fee structures at SOU: the regular academic year, summer session, and continuing education programs. Under existing policy, each of the three tuition structures is separate, with its own unique rate setting process. The University Governing Board sets the Academic Year and Summer Session tuition and the President sets fees and Continuing Education rates.

Academic Year:

- Charges assessed to students during the academic year are comprised of Tuition, Mandatory Enrollment Fees, One-time Fees, Special Fees and Other Student Fees. The revenue generated by each component is dedicated to a specific purpose, independent of the other components. Enrollments during the academic year are usually referred to as “in-load” enrollments.

Summer Session:

- As with the academic year, tuition supports the direct instruction and administrative costs of each institution’s summer session programs. Tuition rates in the summer session may differ from the academic year and may or may not vary based on residency status. Currently, for summer session programs, tuition aligns with the preceding academic year’s structure. SOU continues to make a residency determination for summer term. .

Continuing Education:

- Continuing Education, Extended Programs, and most Distance Education courses fall within the category previously referred to as self-support. Continuing Education courses are offered through special campus programs not generally available during the academic year or summer session. Tuition and fees for Continuing Education are assessed regardless of residency or course load. Rates are set at levels necessary to cover (at a minimum) the direct costs of providing the course plus an indirect cost recovery for administrative overhead costs. Tuition and fees are charged to participating students apart from enrollment fees paid for other courses. Assessment of Resource Fees for Continuing Education courses is an institutional decision.

Student Residency

A resident student is one who fulfills Oregon residency requirements as established by University Policy AAD.045 (580-010). Oregon residency is generally based on the following criteria: a person with a bona fide fixed and permanent physical presence established and maintained in Oregon of not less than 12 consecutive months immediately prior to the term for which residence status is requested. State funded graduate students who become Graduate Teaching or Research Assistants are automatically converted to resident status for fee purposes.

A nonresident student is one who does not meet Oregon residency requirements as specified in University Policy AAD.045 (580-010).

Fees

Fees fall into three distinct categories: Mandatory Enrollment Fees, One-time Fees, and Other Student Fees. At SOU, academic or administrative units begin the process for requesting a new fee or revising an existing fee by preparing a fee proposal and submitting it to the appropriate university administrator for review and approval.

The fee requests must include information regarding the academic unit initiating the fee, fee designation or name, justification of need, amount, estimated revenues and expenditures, and expected implementation date.

All fee proposals are thoroughly reviewed by university administration before being approved for final assessment and adoption into the Academic Year and Summer Session Fee Book by the university.

1. Mandatory Enrollment Fees

Mandatory enrollment fees include the Building, Health Service, Incidental, Recreation Center and Student Union Fees. Students enrolled under the part-time student fee policy are subject to these fees at a rate appropriate to the specific number of credit hours taken each term. Institutions have the option of assessing mandatory enrollment fees during the summer session at rates comparable to those assessed in the academic year.

Building Fee:

- The Building Fee was originally established by legislative statute ORS 351.170 and replaced by ORS 352.163 in 2017. Prior to Academic Year 2019, the fee was locked at \$45. The updated statute enables the board of the university to modify the fee as it so sees fit. Beginning academic year 2019-20, the board has adopted a fee of \$60 per student per term to finance debt service for construction associated with student centers, health centers, and recreational facilities constructed through the issuance of Article XI-F(1) bonds and mitigate risks related to information technology infrastructure replacement in these buildings. The fee charge for summer session is approximately 75% percent of the academic year rate. For summer, the rate is \$45 per student. A pro rata fee is assessed on part-time students.

Incidental Fee:

- Student committees in accordance with the Board-approved incidental fee policy (OAR 580-010-0090) make incidental fee recommendations. In some instances, the student committee recommendations are supported by general campus student referenda. Funds generated by incidental fees are used to fund student union operations, educational, cultural, student government activities, and athletics. *Statutory Authority: ORS 351.070 (3)(d)*

The president of each institution reviews the student committee recommendation for establishing incidental fees for the subsequent year. Once approved, presidents submit recommendations to their Governing Board. Generally, there are fewer incidental fee supported activities during the summer term, resulting in lower rates than those assessed during the academic year.

Health Services Fee:

- This fee is used to support each institution's student health services, which are operated as an auxiliary enterprise on a self-sustaining basis. During summer sessions, student health services operations may function at reduced levels or not be provided at all. The recommended summer session rates reflect these lower levels of activity. *University Policy: AAD.050 (580-011)*

Recreation Center and/or Student Union Fee:

- The Recreation Center and/or Student Union Fee is used to fund the construction, debt service, maintenance, and operation costs of the student centers as the mandatory Building Fee assessed per term is not adequate to fund or operate projects of this scale.

2. One-time Fees

The Matriculation Fee is an example of one-time fee charges to new or transfer students. These fees are one-time assessments and were developed to reduce the large number of enrollment-related fees for student

orientation, course scheduling (drop/add fees), transcripts, degree applications, and re-enrollment. The fees are also used to support academic programming for freshman interest groups and learning.

3. Other Student Fees

Fees for Instruction Related Services:

- Laboratory and Course Fees must be published in the institution's catalogue and/or time schedule of classes. Laboratory and Course Fees are limited to institutional sale to students of equipment, materials, or ancillary services consumed by the student as a part of course instruction where the equipment or material is not readily available for purchase through the bookstore or other external source.

Approval will not be given for Laboratory and Course Fees that constitute a charge for the use of institution owned equipment, specimens, software licenses, or other microcomputer application charges for goods or services, or other materials and supplies consumed in the instruction process, except for certain non-required physical education courses that involve use of non-state-owned facilities or expensive equipment.

Fees and Fines for Non-Instruction Related Services and Materials:

- The Board requires that the level of charges be sufficient to ensure recovery of the cost of providing the services and materials as well as to recover the indirect costs associated with these activities. These include charges for auxiliary services, e.g., housing, food services, student centers, parking, and bookstores; charges for facilities use; etc. Institutions also set the level of fines for violation of campus regulations, such as late fines for library books, parking fines, etc.

Application Fee

- SOU establishes the amount of the application fee (up to \$100.00) and establish policies governing the conditions under which application fees will be required. Assessment of additional application fees for admission to selected programs or schools within their institution is allowed. In instances where an application is received without the Application Fee, request will be made for the Application Fee, and the fee must be received before the application will be evaluated. Application Fees are not refundable.

Application Fee Deferral Program

- Institutional executives may, upon request, defer the Application Fee for first-time freshmen or transfer students who, at the time of application, are either eligible for or participate in any of the following:
 - 1) Free or reduced school lunch program;
 - 2) TRIO-type college preparatory programs (e.g., Upward Bound, Talent Search, EOC, HEP);
 - 3) State of Oregon or U.S. public assistance; and/or
 - 4) College Board fee waiver
 - 5) Foster Youth Tuition and Fee Waiver

To request an online application for Application Fee deferral, go to the following web address located at: <http://www2.sou.edu/admissions/wp-content/uploads/sites/22/2017/01/SOU-Deferral-Form.pdf>.

The student must complete the deferral form and have it signed by a school official (high school counselor), special program official, or University System official, and submit it at the time of application. Application fees deferred under this provision become payable upon the student's enrollment and receipt of financial aid funds. If a student does not complete the application process or does not enroll, the Application Fee is canceled. Students residing outside the United States at the time of their application must prove to the satisfaction of institutional officials that they would meet comparable eligibility guidelines in their country of residence.

4. Optional Part-time Fee Policy

Part-time Fee Policies, if adopted, apply to students enrolled for up to eight academic year credits in a term. The adoption of these policies for part-time students is optional. Institutions may adopt the Part-time Fee Policy for all students or restrict it to non-admitted students. The part-time fee policy does not differentiate residents from nonresident students in tuition assessment. Students may take additional credits through Continuing Education courses.

At this time, SOU is not offering the Optional Part-time Fee Policy to admitted students. SOU may use the policy for non-admitted students.

Post baccalaureate, Non-graduate Student Classification

A holder of an accredited baccalaureate degree who has not been admitted to a graduate degree program and who submits an official application for admission to pursue a second baccalaureate degree or enroll in course work not to be used for graduate credit is called a *post baccalaureate, non-graduate student* and is assessed tuition at the appropriate rate depending on the level of the course, undergraduate or graduate level. Tuition rates may be assessed based on undergraduate and graduate course designation or student classification. Course level designations are generally defined as follows:

- Course numbers assigned 499 and below are assigned undergraduate fee rates.
- Course numbers assigned 500 and higher are assigned graduate fee rates.

Fees and policies applicable under the part-time fee policy shall prevail when a student classified as a post baccalaureate, non-graduate enrolls for eight or fewer credits if a part-time student policy has been adopted.

Baccalaureate degree holders who are admitted to post baccalaureate, non-graduate status at undergraduate tuition rates are precluded from claiming graduate credits for graduate courses taken while in this status. However, SOU may allow the reservation of not more than six of their graduate credits per term to apply in their institution's graduate programs. Graduate credits reserved in combination as an undergraduate and post baccalaureate, non-graduate cannot exceed 15 credits. Baccalaureate degree holders who are not admitted to post baccalaureate, non-graduate status will be assessed tuition at the appropriate rate depending on the level of the course, undergraduate or graduate level.

Students who are admitted to an advanced degree program may convert to post baccalaureate, non-graduate student status only if the graduate degree has been awarded, if a student has been dropped from the degree program by the institution, or upon a request approved by the Graduate School for voluntary relinquishment of graduate status.

Students in the education programs who are admitted to the 45-hour standard norm certificate program are not eligible for the post baccalaureate, non-graduate student status. Tuition rates are applicable whether students in the program seek graduate credit.

Reduced Tuition Policies

SOU's commitment to 40-40-20 is achieved through an array of innovative reduced tuition programs and policies. These programs and policies promote the Oregon University System's goals of providing accessibility to higher education by assuring college is affordable and relevant to the realities of today's student population.

Approved Programmatic Student Financial Aid Programs

Student financial aid programs are funded through institutional resources. The policies governing each program specify the extent to which the enrollment fees are to be reduced. The combined total aid for a student may not exceed the total enrollment fees for that student.

Southern Oregon Universities student financial aid offerings are comprised of programs similar to others offered across the country (often referred to as “fee waivers”, “tuition discounts” or “tuition remissions”) enhanced by innovative initiatives specific to the state of Oregon. The objective of programmatic student aid programs is to provide financial incentives student groups to enroll or continue enrollment. As an enrollment management tool, programmatic student aid allows the institution to target specific campus enrollment goals including recruitment of needy or meritorious students, international students, athletes, and other student populations. The following are summaries of SOU student financial assistance programs:

Diversity Programs

a. Southern Oregon University Educational Diversity Initiative

Criteria: This program is open to all students, resident or nonresident, undergraduate or graduate. Under the guidelines approved by the Board on October 17, 1997, SOU may describe the program in the manner it wishes. Similarly, the program may consider different factors in making awards and may offer one or more tuition and fee remission programs as long as it maintains its commitment to diversity. Under these guidelines, campuses may consider different factors in support of their educational mission.

Awards: Rather than a prescribed allocation of funds for educational diversity fee remissions, each institution has the discretion to determine the remittance amount and allocation schedule. Campuses may make partial or full waivers based on need or to expand the number of students who receive at least some funding support. Awards are not transferable. Students may not take a tuition remission with them if they move to another public university, but will be evaluated based on the receiving school’s educational diversity needs.

International Cultural Service Program

a. International Fee Remission Program

Criteria: This program is for undergraduate or graduate students with foreign student status.

Awards: Awards may vary in amount but cannot exceed the total nonresident undergraduate or graduate Enrollment Fees (Tuition, Building, Incidental, and Health Service Fees). However, the institution has the option to remit these fees if they see fit.

b. Cultural Service Program

Criteria: This program is for undergraduate or graduate students with foreign student status who: are competitively selected based on academically meritorious achievement; and fulfill the community service requirements of the program while receiving the award.

Awards: Awards may vary in amount but cannot exceed the total nonresident undergraduate or graduate Enrollment Fees (Tuition and Mandatory Enrollment Fees). Remission of Mandatory Enrollment Fees is at the institution’s option.

International Exchanges

a. International Exchange Program

Criteria: This program is for students who are attending Southern Oregon University as a part of an approved exchange program.

Awards: Awards may consist of remission of all or some of the Enrollment Fees, depending upon the reciprocal agreement under which the student is enrolled.

b. International Institution Exchange Program

Criteria: This program is for students who are attending SOU as a part of a Board-approved institution exchange program.

Awards: Awards may consist of remission of all or some of the Enrollment Fees, depending upon the reciprocal agreement under which the student is enrolled.

Contract and Grant

a. Contract and Grant: Academic Year

Criteria: This provision is for students who participate in specific courses or programs during the academic year funded by grant or contract with an outside agency or firm.

Awards: Awards are generally for remission of Tuition only, depending upon agreement with the granting agency.

b. Contract and Grant: Summer Session

Criteria: This provision is for students who participate in specific courses or programs during the summer session funded by grant or contract with an outside agency or firm.

Awards: Awards are generally for remission of Tuition only, depending upon agreement with the granting agency.

SOU Supplemental Tuition Grant

Criteria: The SOU Supplemental Tuition Grant is a need-based tuition grant program available to qualified Oregon resident students.

Awards: These supplemental tuition grants may vary at institutional discretion but may not exceed the total Tuition assessed for the regular academic year.

VOYAGER Fee Remission

The Voyager Tuition Assistance Program (Voyager) was implemented in the Fall of 2005 in response to a direct gubernatorial request and is intended for National Guard and Reservists who have been in an area of hostility since 9/11.

Criteria: The VOYAGER fee remission is for Oregon residents (OAR 580-010-0030 to -0045) who are members of the National Guard or Reserves and were deployed in an area of military combat since September 11, 2001. This fee remission is for full-time students pursuing their initial bachelor's degree. Students must submit a Free Application for Federal Student Assistance (FAFSA) annually and continue to maintain satisfactory academic progress to maintain eligibility.

Awards: Award is the difference between the National Guard and Reserves tuition benefit of \$4,500 and total enrollment fees. Students are responsible for securing the National Guard or Reserves tuition benefit. Duration of the VOYAGER award is four years excepting those five-year degree programs as documented in the campus general catalogs. Students may not earn more than 15 credits above the minimum number of credits required by the degree to maintain eligibility.

Veteran's Dependent Tuition Waiver

Criteria: The Veteran's Dependent tuition waiver is for qualified students accepted into a baccalaureate or master's degree program at a public university.

A qualified student is a child (includes adopted child or stepchild), spouse, or an un-remarried surviving spouse of a service member or a child of a Purple Heart recipient.

The service member is one who:

- Died on active duty;
- Has a 100% total and permanent service-connected disability rating as certified by the United States Department of Veterans Affairs; or
- Died as a result of a military service-connected disability.

The Purple Heart recipient is a person, alive or deceased, who:

- Was relieved or discharged from service in the Armed Forces of the United States with either an honorable discharge or a general discharge under honorable conditions; and
- Was awarded the Purple Heart in 2001 or thereafter for wounds received in combat.

An eligible child must be 23 years of age or younger at the time the child applies for the waiver. A child who is older than 23 years of age is eligible for a waiver for a master's degree program if the child:

- 1) Applied for and received a waiver for a baccalaureate degree when the child was 23 years of age or younger; and
- 2) Applied for a master's program waiver within 12 months of receiving a baccalaureate degree.

The qualifying new, transfer, or community college co-enrolled student must meet Oregon residency requirements as stipulated within OAR 580-010-0030 through 580-010-0045, which generally describes an Oregon resident as a person with a bona fide fixed and permanent physical presence established and maintained in Oregon of not less than 12 consecutive months immediately prior to the term of entry.

Awards: The award may be granted for credit hours for courses that are offered at an eligible post-secondary institution. The award does not cover other mandatory enrollment and course specific fees. The maximum waiver granted under this remission program shall be:

- 1) The total number of attempted credit hours equal to four years of full-time attendance for a baccalaureate degree; and
- 2) The total number of attempted credit hours equal to two years of full-time attendance for a master's degree.

Notwithstanding sections 1 and 2 of this paragraph, a waiver may not exceed the total number of credit hours the qualified student needs to graduate with a baccalaureate or a master's degree. Transferred credit hours accepted for a degree program may or may not count toward the total credit hours needed for degree completion.

The amount of tuition waived may be reduced by the amount of any federal aid scholarships or grants, awards from the Oregon Opportunity Grant program established under ORS 348.205, or any other aid from the eligible post-secondary institution, received by the qualified student.

The amount of tuition waived may not be reduced by the amount of any Survivors' and Dependents' Educational Assistance under 38 U.S.C. Chapter 35 paid to a qualified student.

Foster Youth Tuition Waiver

The Foster Youth Tuition and Fee Waiver originated with the passage of House Bill 3471 in the 2011 Regular Session of the Oregon Legislative Assembly and is intended to "increase access to higher education for current and former foster children by providing a Tuition and Fee Waiver" to minimize the amount of tuition

absorbed by the student. It was further amended by HB 2095 in the 2013 Regular Session to align the definition of “former foster youth” with the federal standard.

Criteria : The Foster Youth Tuition and Fee Waiver is open to qualified current and former foster children enrolled as undergraduate students in an institution of higher education in Oregon for the purposes of pursuing an initial undergraduate degree (as evidenced by admission into an undergraduate degree program). This program waives tuition and fees for current and former foster youth who enroll prior to reaching 25 years of age until the student receives “the equivalent of four years of undergraduate education.”

To qualify for the program, the student must:

1. Have spent at least 180 days in substitute care after age 14, was not dismissed from care prior to reaching 16 years of age and either left foster care (had ward ship terminated) or completed high school/GED within the previous 3 years; and
2. Be admitted to an undergraduate degree program and enroll prior to reaching 25 years of age; and
3. Submit a completed FAFSA (Free Application for Federal Student Aid) for each academic year they are eligible for the program; and
4. For years after the first academic year at an institution of higher education, have completed a minimum of 30 volunteer service hours in the previous academic year performing community service activities such as mentoring foster youth or assisting in the provision of peer support service activities, according to policies developed by the institution of higher education at which the current or former foster child is enrolled.

Awards:

1. A qualified student for The Foster Youth Tuition and Fee Waiver is entitled to waiver of tuition and fees as noted below:
 - Tuition for academic credit courses (at base or differential rates depending upon program to which student is admitted) but not for noncredit courses.
 - Mandatory enrollment fees: building, incidental, health service, recreation center, or other mandatory fees that may be added from time to time.
 - One-time fees: matriculation, transcript for life (OIT only).
 - Fees required for instruction related services such as lab or course fees that are assessed upon registration for a particular course.
 - The waiver excludes all fees and fines for non-instruction related services and materials such as residence hall room and board, dining services, parking fees and fines, library fines, etc. In addition, textbooks and other course materials not assessed as part of a course fee are also excluded. Fees considered as “pass through” fees, paid to an outside provider, are exempt from the Tuition and Fee Waiver.
2. Eligible students may receive the Foster Youth Tuition and Fee Waiver for up to 12 terms of full-time study or the equivalent. Attendance at less than full-time will be prorated accordingly.
3. If a student meets all other criteria for eligibility, but does not require the Foster Youth Tuition and Fee Waiver, the student shall remain eligible until the student receives the equivalent of 4 years of undergraduate education.

4. As noted previously, to be considered eligible for this program, the student must complete and submit a FAFSA for each academic year they are eligible for the program. Awards made under The Foster Youth Tuition and Fee Waiver shall be applied after the following:
 - Any federal Pell or Supplemental Educational Opportunity Grants (SEOG)
 - Oregon Opportunity Grant established under ORS 384.205
 - Any other gift, grant or scholarship received from the institution of higher education, which may be applied to the tuition, and fees covered under this program.
5. For purposes of this program, non-tuition scholarships from sources outside of the university, which pass through either OSAC or the institution, are not included in the calculation of the tuition and fee waiver award amount.

Definition of Terms: For purposes of this waiver, the following terms are defined as follows:

- A “former foster child” is defined as an individual who, for a total of six or more months while between 14 and 21 years of age, was: (a) A ward of the court pursuant to ORS 419B.100(1)(b) to (e) and in the legal custody of the Oregon Department of Human Services (or one of the nine federally recognized Tribes in Oregon) for out-of-home placement and not dismissed from care before reaching 16 years of age; or (b) An Indian child subject to the Indian Child Welfare Act (25 U.S.C. 1901 et seq.), under the jurisdiction of a tribal court for out-of-home placement and not dismissed from care before reaching 16 years of age.
- The “equivalent of four years of undergraduate education” and “equivalent of four academic years” is defined as up to 12 terms of full time study or the equivalent. Attendance at less than full-time will be prorated, accordingly.

Other Reduced Tuition Policies

Western Undergraduate Exchange

Tuition for students admitted under the Western Undergraduate Exchange (WUE) program is assessed at 150% of the prevailing resident undergraduate tuition rate. For clarity purposes, WUE rates are presented as part of the BASE tuition schedule on page 30.

The WUE program allows first-time enrolling, nonresident undergraduate students from participating states to pay 150% of resident tuition when enrolled in selected programs at Southern Oregon University. Students participating in this program must maintain enrollment in these designated programs to retain qualification. The time spent as a WUE student cannot apply toward residency status. Students previously or currently enrolled at SOU or another Oregon Public University are not eligible for this program. The university is not obligated to notify prospective, admitted, or enrolled students who are eligible for this program. SOU must report WUE enrollment as directed, and validate WUE students quarter to quarter. Consistent with the policy of nonresident students covering the full cost of instruction, SOU will carefully consider whether high demand programs should be eligible for the reduced rates.

Jackson/Josephine County Pledge

Tuition for students admitted under the Jackson/Josephine County Pledge are assessed tuition at a special rate (see page 32) that is approximate to the base tuition rate for Rogue Community College. It is an

educational pathway that helps students from a Jackson or Josephine county high school graduate from SOU in three years instead of four, not only removing a substantial portion of the tuition cost, but also removing an entire year's worth of cost in obtaining their degree. Students must have graduated from high school in the same year in which they are admitted to SOU and meet the minimum qualifications for the Pledge program may apply:

- 3.2 GPA or
- 3.0 GPA + combined** SAT of 1125 or above (WL[†] score of ≥ 25 and Math score of ≥ 490) or
- 3.0 GPA + composite ACT of 23 or above (Math and English sections of ≥ 20 each)

Tuition Equity

In keeping with SOU's commitment to creating innovative programs that make college more affordable and more relevant to the realities of today's workforce and economy, the 2013 Oregon Legislature passed the Tuition Equity Act.

 - d. Shows intention to become a citizen or a lawful permanent resident of the United States by submitting to the public university the student attends or plans to attend:
 - i. An official copy of the student's application to register with a federal immigration program or federal deportation deferral program or a statement of intent that the student will seek to obtain citizenship as permitted under federal law; and
 - ii. An affidavit stating that the student has applied for a federal individual taxpayer identification number or other official federal identification document.
- 2) Students who are financially dependent upon a person who is not a citizen or a lawful permanent resident of the United States if the student:

 - b. During each of the five years immediately prior to receiving a high school diploma or leaving school before receiving a high school diploma, attended an elementary or a secondary school in any state or territory of the United States, the District of Columbia, or the Commonwealth of Puerto Rico and resided with the person upon whom the student is dependent;

- c. No more than three years before initially enrolling in a public university listed in ORS 352.002 (EOU, Oregon Tech, OSU, PSU, SOU, UO, and WOU), received a high school diploma from a secondary school in this state or received the equivalent of a high school diploma; and
- d. For a student who is not already a citizen or lawful permanent resident of the United States, shows intention to become a citizen or a lawful permanent resident of the United States by submitting to the public university the student attends or plans to attend:

Reduced Tuition Benefit for Academic and Classified Employees

The academic term rate for employees is 30% of resident undergraduate tuition assessed at the teaching institution, rounded down to the nearest dollar, so as to never exceed 30% of the base rate. For campuses where an undergraduate differential tuition structure is in effect, the staff fee rate will be charged at the “regular” (not differential) resident undergraduate tuition rate for both undergraduate and graduate student employees.

Charges for Building, Health Service, Recreation, Student Union, and Incidental Fees do not apply; nor are employees entitled to health services or incidental fee services through this program. No Application Fee will be required for employees and no breakage or other deposit is required when registering for classes. Other fees such as lab or course fees are assessed at the full rate and no discount is provided.

Staff fees are not applicable to certain courses. For a complete reference list of excluded programs, please go to <https://inside.sou.edu/hrs/staff-tuition.html>. Excluded programs are determined at the discretion of the institution’s president and the notice of exclusion must be filed with the institution’s Registrars’ office prior to the first day of registration for a term.

1. On approval of the president or designee of the teaching institution and with the concurrence of the employee’s immediate supervisor, the staff fee is available to employees appointed at half-time (.5 FTE) or more (not including temporary classified employees or other student employees).
2. To qualify for this fee, the staff member must meet the criteria no later than the first day of classes of the term of enrollment. The maximum number of credits to which the staff fee may be applied is 12 credits per quarter or per semester. See exception for retired employees and employees on leave, University Policy AAD.044 (580-022).

3. Employees enrolled for more than 12 credits in one term will pay for each additional credit at the campus designated per credit tuition rate applicable to resident undergraduate or graduate students, depending upon the employee's degree status.
4. For purposes of this rule, the term "employee" may include persons with full-time courtesy appointments who provide a benefit to the institution in the form of teaching, research, or counseling, under the direction of the institution and using the facilities of the institution.
5. Retired employees and employees on leave are eligible for staff fee privileges. Subject to the approval of the president or designee of the teaching institution, the maximum credit limitation may be waived for retired employees and for employees on leave. See exception under Senior Citizen Tuition.
6. Employees who use the staff fee for courses away from their home institution are subject to staff fee policies and procedures of the instructing institution. *There is no fee plateau at any campus for employees, family and dependents, or retired staff.*
7. Employees may be permitted to take *noncredit* courses at *one-third* of the fee assessed to other registrants. Teaching units are not required to extend staff fees for noncredit courses, self-sustaining workshops, or self-support credit courses.
8. Employees on furlough or lay-off status may be eligible for staff fees in accordance with provisions of a collective bargaining agreement.
9. No tuition shall be assessed to courses enrolled in by employees with a grading option of 'audit.' Attendance under such condition must be with the instructor's consent and on a space-available basis. Institutions are required to maintain a record of the courses audited. Courses approved for audit by the instructor confer no credit to the student, are not charged staff fee rates or regular tuition, and may be used in addition to staff fee privileges during a term. However, any applicable course, lab or material fees associated with auditing for-credit classes will be assessed by the institution and is the responsibility of the employee. This provision cannot be subdivided in conjunction with the Employee Family Member and Domestic Partner Transfer provisions.
10. The benefit may be used at any Oregon public university.

Reduced Tuition Benefit for Family Members and Domestic Partners of Employees

To improve the recruitment and retention of high quality faculty and staff at Oregon's public universities, the staff fee policy is extended to qualified family members, eligible dependents, as well as domestic partners and their eligible dependents on a limited basis.

The academic term rate for family members is 30% of resident undergraduate tuition assessed at the teaching institution, rounded to the nearest dollar. For campuses where an undergraduate differential tuition structure is in effect, the staff fee rate will be charged at the "regular" (not differential) resident undergraduate tuition rate for both undergraduate and graduate student employees.

Qualified family members including spouse, domestic partners, and dependents receiving the transferred benefit are responsible for all mandatory enrollment fees such as Building, Health, Recreation, Student Union, Incidental, Matriculation, and Other fees (Laboratory/Course Fees, Late fees, and Registration fees), if applicable. Breakage and/or other mandatory application deposits are required of the participating family member to register for classes.

Staff fees are not applicable to certain courses. For a complete reference list of excluded programs, please go to <https://inside.sou.edu/hrs/staff-tuition.html>. Excluded programs are determined at the discretion of the

institution's president and the notice of exclusion must be filed with the institution's Registrars' office prior to the first day of registration for a term.

1. The staff fee provisions may be transferred to a qualified family member or domestic partner of employees appointed at half-time (.5 FTE) or more (not including temporary classified employees, graduate assistants, or other student employees). Employee eligibility is verified through Human Resource System records. To qualify for this fee, the family member, domestic partner, or eligible dependent must meet the criteria no later than two weeks prior to the first day of classes of the term of enrollment.
2. For purposes of this policy, the eligible family members include spouse, domestic partner, dependent children, and dependent children of domestic partners in accordance with IRS Code 152 and Section One of the Public Employees Benefit Board. If requested to do so, the employee is expected to verify family member or domestic partner eligibility by providing documented proof such as a tax return from the prior year.
3. The maximum number of transferrable credits is 12 credits per quarter or per semester. Only one staff member, spouse, domestic partner, or dependent may use the staff fee benefit per term or semester. The benefit may not be subdivided among family members during a term.
4. The qualified family member or domestic partner enrolled for more than 12 credits in one term must pay for *additional credits* at the per credit tuition rate applicable to resident undergraduate or graduate students, depending upon the family member's or domestic partner's degree status. All applicable credits will be charged at the relevant resident tuition rate.
5. The President of a public university may exclude certain programs from the policy. For a comprehensive list of excluded programs, please visit the website listed above.
6. The transfer of staff fee benefits is not available for retired employees.
7. Qualified family members or domestic partners of employees who use the staff fee for courses away from the employee's employing institution are subject to staff fee policies and procedures of the instructing institution. *There is no fee plateau at any campus for employees, retired staff, domestic partners, or eligible dependents.*
8. Qualified family members or domestic partners of employees may be permitted to take noncredit courses at approximately one-third of the fee assessed to other registrants. Teaching units are not required to extend staff fees for noncredit courses, self-sustaining workshops, or self-supported credit courses.
9. Eligibility of employees on furlough or lay-off status is subject to applicable collective bargaining agreements.
10. No tuition shall be assessed to courses enrolled in by employees with a grading option of 'audit.' Attendance under such condition must be with the instructor's consent and on a space-available basis. Institutions are required to maintain a record of the courses audited. Courses approved for audit by the instructor confer no credit to the student, are not charged staff fee rates or regular tuition, and may be used in addition to staff fee privileges during a term. Any applicable course, lab or material fees associated with auditing for-credit classes will be assessed by the institution and is the responsibility of the family member. This provision cannot be subdivided in conjunction with the Employee Family Member and Domestic Partner Transfer provisions.
11. The benefit may be utilized at any public university in Oregon, however; please note the *Concurrent Enrollment policy was eliminated January 1, 2004.*

Graduate Assistants

Graduate students appointed by the institution and paid at established institutional salary rates, as graduate teaching assistants, graduate research assistants, or graduate fellows are exempt from the payment of Tuition up to the first 16 credits per term subject to institutional policy. Appointment as an assistant may not be for less than .15 FTE for the term of appointment.

University/School Partnership Co-Pay Program

School districts having contracts with a public university to supervise educator professionals preparing for Oregon licensure may exercise these provisions.

Earning the Co-Pay

For each permissible activity provided under contract with a cooperating district (see 'a' and 'b' below), a district earns a co-pay privilege to register any district employee at the public university co-pay fee rate. The rate should be one-third of the tuition charged for the course.

Institutions with current contractual obligations may elect to defer compliance of the rate until expiration of the existing contract.

A "co-pay privilege" allows one individual to register for up to 8 quarter credit hours in the term it is used. The total reduced fee credits awarded for practica and student teaching may not exceed 11 in a year, per each university student provided services by the district.

- a. Supervised full-time student teaching: Co-pay privileges of 5 credit hours may be awarded for supervision of the final full-time student teaching per quarter. Student teaching is the culminating, full-time supervised teaching experience provided for students completing a program approved by the Teacher Standards and Practices Commission, leading to Initial Licensure in one or more of four authorizations: Early Childhood, Elementary, Middle, and High School; and specialty endorsements.
- b. Experiential preparatory practica or part-time student teaching: Co-pay privileges of 3 credit hours may be awarded for supervision of students in experiential preparatory practica or part-time student teaching per academic quarter. These are practica assigned to or required of the student prior to or concurrent with student teaching and block practica and/or other miscellaneous practica offered by colleges and divisions of education for students completing a program approved by the Teacher Standards and Practices Commission, leading to Initial Licensure in one or more of four authorizations: Early Childhood, Elementary, Middle, and High School; and specialty endorsements.

Redeeming Reduced Fee Credits

Earned co-pay privileges must be used within five successive academic quarters (including summer session) following the quarter in which the supervision is provided, after which time the co-pay privilege is void.

- a. The co-pay fee is applicable only up to 8 credit hours in any academic quarter, including summer session, even though the district may have earned two or more enrollment privileges. Unused portions of an enrollment privilege may not be carried to another term or used by another teacher.
- b. A co-pay privilege may be used during any academic term (including summer session) at the issuing institution, which has a teacher preparation program. Institutions may enter into "partnerships of trade" with any sister institution if they are willing to accept vouchers from other institutions.
- c. Each institution may set limits on courses available for those redeeming vouchers/co-pays (for example, courses in summer session, distance education, continuing licensure, continuing/extended education). Each institution will indicate on the voucher the existence of restrictions.
- d. Institutions with current contractual obligations may elect to defer compliance of the rate until the expiration of the existing contract.

Other Provisions

- a. If the district employee using a co-pay privilege registers for 8 hours or fewer and desires the in-residence services provided by the Health Service and Incidental Fee, the district employee may elect those services by paying the appropriate fee for the number of hours enrolled. If the district employee using the co-pay privilege registers for more than 8 credit hours, the first 8 hours may be

taken at the institution's co-pay rate. Hours in excess of 8 shall be at the appropriate credit hour rate (graduate or undergraduate, resident or nonresident) and the institution shall charge all Enrollment Fees applicable to the total number of hours for which the district employee is registering.

- b. Each institution may, at its discretion, extend to the eligible district licensed educator professional other privileges such as use of the institution library, access to campus parking, and admission to campus events at faculty and staff rates, provided that such extended privileges do not exceed the benefits made available to the faculty and staff of the institution

Other Remission Programs

Institutions may create individual institution fee remission programs to address enrollment management and financial aid program needs. The institution will report to the Board on the creation of each program following guidelines approved by the Board.

Awards: Awards may vary in amount but cannot exceed the total nonresident undergraduate or graduate Enrollment Fees (Tuition, Building, Incidental, and Health Service Fees). Housing remission awards cannot exceed the total housing fee.

Fee Policies Specific to Summer Session

1. Tuition rates may be assessed based on undergraduate and graduate course designation or student classification.
2. Course level designations are generally defined as follows:
 - a. Course numbers assigned 499 and below are assigned undergraduate fee rates.
 - b. Course numbers assigned 500 and higher are assigned graduate fee rates.
3. Tuition may be assessed on a per-credit hour basis or aligned to the preceding academic year structure.
5. Staff, qualifying family/dependents, and graduate assistant fee privileges may be authorized during the Summer Session at the option of the institution. If authorized, fees and study privileges shall conform to policies set forth in this Fee Book. Staff members or qualifying family/dependents who seek to use the staff fee privilege for courses away from their home institution are subject to corresponding fee policies of the instructing institution.
6. Cooperating supervisors of Student Educator Professionals will be allowed to exercise contract provisions in accordance with policies set forth for the 2019-20 Academic Year. The program title has changed to the University/School Partnership Co-Pay Program.
7. Fees may be assessed during Summer Session under policies set forth for 2019-20 Academic Year.
8. The Building Fee is assessed at the applicable Summer Term rate per student as a mandatory charge to all students attending Summer Session classes, on-campus.
9. The Incidental Fee is based on recommendations and incidental fee guidelines of each institution. Summer fee rates cannot exceed the per-term amount charged during the previous academic year. Institutions may choose to extend incidental fee services to students not enrolled for Summer Session, under the following conditions:
 - a. A student had been enrolled in the prior academic year term and is expected to enroll in the subsequent academic year term; and

- b. The student pays the Summer Session Incidental Fee.
11. The Health Service Fee is authorized by the Board based on institutional recommendations for the level of service to be provided during the summer. Summer fee rates cannot exceed the per term amount charged during the prior academic year. Institutions may choose to extend health services to students not enrolled for Summer Session, under the following conditions:
- a. A student had been enrolled in the prior academic year term and is expected to enroll in the subsequent academic year term; and
 - b. The student pays the Summer Session Health Services Fee.
12. Off-campus tuition rates may be established by each institution for summer courses taught outside the campus boundaries. Mandatory fees are generally excluded from off-campus tuition rates but may be assessed when the course enrollment includes the opportunity for participation in services provided by such fees.
- Special on-campus tuition rates may be established by the institution for specific short-term, on-campus instructional activities including workshops, seminars, conferences, and short courses. These activities require payment of the Building Fee. Other Mandatory Fees are assessed only if students may participate in the services provided by such fees.
13. A student enrolled in a combination of credit and audit courses will be assessed for the total hours under the tuition and fee schedule appropriate to that individual's course or student level. If enrolled for audit courses only, the student will pay the same required fees as assessed for similar hours of for-credit classes.
14. The summer refund policy for course load reduction or withdrawal may follow the rule adopted in the preceding academic year fee book or a rule adopted by the institution. The intent of this option is to provide an opportunity for institutions to apply policies better suited to management of summer programs.

Refunds, Waivers, and Accounts Receivable Policies

A. Refund Policies

Refund policies for course load reduction or withdrawal are separately developed by each campus and adopted under institution fees and charges procedures. Refunds may be granted to students in accordance with the refund schedule on file with the Registrars or Business Office. This schedule shall be prepared annually.

Military Duty Refund Policy

Any student with orders to report for active military duty may withdraw at any time during the term and receive a full refund. If sufficient course work has been accomplished and the instructor feels justified in granting credit for the course work completed, credit may be granted and no refund will be given.

B. Waiver of Certain Student Fees

Certain student fee charges may be waived when regulations of federal agencies or contract agreements preclude the assessment of those fees. Please contact the institution's Business Office to determine which fee charges are eligible, if any, for this waiver.

C. Institution Authority to Adjust Charges

Authorized institution officials may make tuition refunds and waive fines or charges that result from circumstances beyond the student's control or are for the best interest of the institution.

D. Revolving Charge Accounts Policy

Institutions offering extended payment terms utilizing a revolving charge account method adopt rules creating the Revolving Charge Account Plan, and describe the terms and conditions applicable to the Plan.

Transactions covered by the Plan may include (by way of description and not limitation) tuition, fees, housing charges and other obligations primarily involving students; facilities rentals, lease agreements, program user charges and other transactions with non-students; and fines and penalties, incurred by anyone.

If adopted, institutional rules shall:

- 1) Describe the interest to be charged, as well as service charges, collection and other fees and costs, if any, and penalties that would apply should an account become delinquent;
- 2) Provide for an agreement to be signed by the obligor, the form of which shall be approved by the Vice Chancellor for Finance and Administration; the institution shall use its best efforts to have the agreement signed, except for debts arising from fines, penalties and the like; and
- 3) Provide that tuition and fees incurred in any given term are paid in full prior to enrollment in any subsequent term.

Administrative Authority: University Policy FAD.047 (580-040)

E. Interest on Overdue Accounts

Section 1: Institutions may, pursuant to an institutionally adopted rule, charge nine percent interest on all liquidated debts that are past due. A liquidated debt is one in which the amount owed is certain, e.g., a standard fee or a debt based on a promissory note.

Section 2: Where the institution so provides by administrative rule and a contract or note signed by the obligor so specifies, the institute may charge not more than 12 percent interest on the obligation evidenced by the signed note or contract.

Institutions may not charge interest under both Sections 1 and 2, above, simultaneously on a single obligation; in no event shall the institution charge more than 12 percent interest.

Institution rules may provide for interest charges to begin immediately following the date on which a debt becomes overdue or after a specified waiting period.

Differential Tuition Policy

Differential tuition will be allowed in certain programs (as approved by the Board) with the understanding that: 1) an amount equal to 10% of such differential tuition for undergraduate programs be earmarked for financial aid funding targeted to low-income students majoring in the program(s) assessing differential tuition, such that this does not become an impediment to degree choice and 2) institutions will need to submit the rationale for the need for differential tuition in accordance with the proposed differential tuition policy framework outlined below.

Universities may request Board approval for differential tuition at either the undergraduate or the graduate level subject to the following:

1. An institution considering differential tuition must develop a proposal for Board consideration addressing the following criteria:

- a. Quality of the student experience:
 - i. The proposal should address how differential tuition will substantially increase the quality of the learning experience for students and provide the basis for later opportunities that would not be possible without the differential revenues.
- b. Access, affordability and student choice of undergraduate major:
 - i. The proposal for differential tuition for undergraduate programs must include a financial aid plan with a minimum of ten percent (10%) of the differential tuition set aside for need-based aid to be awarded to needy students enrolled in the program. The plan shall also include a college advising process that enables the student to anticipate future cost increases and (if necessary) seek additional aid to cover the differential amount over base tuition.
- c. Cost of Instruction:
 - i. The differential tuition proposal must include a clear justification related to the variance in program cost, program demand, and program graduate earnings potential compared to the funds that would be provided through base tuition.
- d. Market Pricing:
 - i. There should be evidence that the differential tuition proposed is comparable to the student cost for similar programs at peer institutions such that the university is not placed at a competitive disadvantage in attracting the best students and that the differential tuition is appropriate to the national market. The proposal should address the elasticity of demand in its justification.
- e. Student Consultation and Support:
 - i. All differential tuition plans must show evidence of extensive and thorough consultation with students who will be affected, both via student representative groups and via organized opinion gathering among the students that would be charged the differential.

Increases to established differential tuition rates are not required to comply with the complete process outlined above for the proposal of new differential rates. However, rate increases that exceed the proposed increase for the institution's corresponding base rate by 2 or more percentage points will need to be supported and should address many of the same criterion listed above though not to the same degree as required for a new proposal. For undergraduate differentials, the discussion of the student consultation element and 10% set aside for need based aid must be included in submitted documentation. For example, the proposed increase for the undergraduate resident base rate is 3.5%. If the proposed increase for an undergraduate differential rate was 5.5%, additional supporting documentation would be required. For graduate programs, there may be situations where a comparable base rate is not available. For example, an institution's graduate program rates may be separately established by program within each college or school. In those cases, proposed rate increases may be supported by an analysis of peer rates and changes in quality of student experience and cost of instruction.

Approved Differential Tuition Programs

- a. Honors College – all admitted Honors College undergraduate students will pay an additional \$25.00 per Honors College Credit above their base tuition rate. This will be used to partially fund extracurricular and enhanced academic events unique to the SOU Honors College.

- b. Arts – all visual and performing arts undergraduate courses identified in the Oregon Center for the Arts at Southern Oregon University will be charged an additional \$10.00 per student credit hour. This is in lieu of course fees previously associated with these courses. The intent was to smooth out the impact of course fees that could swing significantly from term to term, depending on the unique course enrollment of each student. All students will be assessed at the higher differential tuition rate, regardless of their status as a student at SOU.
- c. Jackson and Josephine County Pledge – students enrolled in the Jack/Jo pledge program must meet specific requirements for eligibility in this program. The tuition rate will approximate that of Rogue Community College. Additionally, students who remain in the program should be able to graduate from SOU in three years, thereby significantly reducing the cost of their education.
- d. Master’s in Education – students enrolled in a Masters of Education with the identified subject codes will receive a reduced tuition rate, below SOU’s resident Graduate tuition rate, regardless of residency determination See page 31.
 - 1. All GR courses with the following subject codes
 - i. ED
 - ii. LEAD
 - iii. SPED
 - iv. MAT
 - v. READ
- e. Online Degree Completion, Undergraduate – students taking an online undergraduate program that is offered 100% online will pay the resident undergraduate tuition rate, regardless of residency determination. They will also pay an Online Delivery Fee as identified in the special fee listing. Students taking any online undergraduate course will also be charged the Online Degree Completion, Undergraduate differential rate, and have all mandatory fees waived for those online credits.
- f. Online Degree Completion, Graduate - students taking an online graduate program that is offered 100% online will pay the resident graduate tuition rate, regardless of residency determination. They will also pay an Online Delivery Fee as identified in the special fee listing. Students taking any online graduate course will also be charged the Online Degree Completion, Graduate differential rate, and have all mandatory fees waived for those online credits.
- g. Online Masters in Business Administration – students enrolled in SOU’s online Masters of Business Administration will pay the rate defined by the program, except that the Online Delivery Fee will be waived.
- h. Online Masters in Education - students enrolled in SOU’s online Masters of Education will pay the rate defined by the program, except that the Online Delivery Fee will be waived.
- i. Music Graduate – nonresident students enrolled in SOU’s Music Graduate program can be eligible to receive this differential tuition rate that is equal to the resident graduate tuition rate. Selected nonresident graduate students will be identified by the Director for the Oregon Center for the Arts at Southern Oregon University
- j. American Samoa – undergraduate students enrolling from American Samoa will receive the American Samoa undergraduate differential tuition rate, which will be 150% of the resident undergraduate rate and equal to the Western Undergraduate Exchange (WUE) tuition rate.

- k. Supplemental Exchange Students – undergraduate students coming from any of SOU's International Exchange Partnership universities, but not as part of the direct exchange allocations set forth in the agreements, will be charged the Supplemental Exchange Student differential tuition rate, which will be 175% of the resident undergraduate rate.

Student Shared Governance Policy

Policy and Guidelines

I. PURPOSE

Southern Oregon University hereby endorses the concept and philosophy of shared governance between the institution and students of the institution. The following policy statement provides a framework and principles to guide each campus' enactment of a campus-specific policy that sets forth the application of this principle to that campus' governance structure.

II. OBJECTIVES

- To recognize the value and importance of assuring students a voice in the educational process, particularly with respect to student life, services, and interests.
- To recognize students' rights to organize themselves and to select and recommend student representatives to a university governance structure.
- To encourage and facilitate student involvement in university decision-making.

III. PRINCIPLES

- A. Ultimate authority for the welfare of SOU resides with the universities Governing Board. The Board has delegated (and may further delegate) aspects of that authority to the President to assure efficient management of the institution.
- B. Many aspects of shared governance with the faculties of SOU have a long and successful history.
- C. The intent of the current policy is to recognize the value of shared governance with the students of SOU.
- D. It is the intent of this policy to establish an institutional level of support for student shared governance. It shall be the responsibility of SOU to identify the particular areas best suited for the application of this concept at the respective institution. Accordingly, students shall have the opportunity to participate, appropriate to their special knowledge and perspective, in decisions that relate to, but are not limited to:
 - 1. Academic grading policies
 - 2. Academic disciplinary policies
 - 3. Academic courses or programs to be initiated or discontinued
 - 4. Codes of student conduct
 - 5. Curriculum development
 - 6. Institutional planning
 - 7. Selection and appointment of student services administrators
 - 8. Tuition, fees, room and board rates
 - 9. University mission and vision

IV. IMPLEMENTATION

- A. SOU shall develop written procedures to incorporate the principles of this Board policy.
- B. In developing the institutional procedures referenced above, each institution shall ensure appropriate input from and collaboration with the respective officially recognized student government association for that campus. For purposes of the report on student-shared governance, the respective recognized student government association shall be regarded as the appropriate liaison for student input.

- C. The president is charged with the responsibility of ensuring that the principles of shared governance with students are incorporated, where appropriate, throughout the university.

Student Involvement in Development of Proposed Tuition Rates

In June 2012, the Oregon State Legislature passed Senate Bill 242 (ORS 351.011), which effectively removed the Oregon University system from state agency status and established the OUS as a public university system. SB 242 also included stipulations that required the Board to establish a process that incorporated student participation in tuition-setting (ORS 351.063). In response to the requirements of SB 242, the Board of Higher Education approved the following Oregon Administrative Rule on March 2, 2012. HB 4141 further defined a set of criteria for universities to follow.

The Tuition Advisory Council (TAC) is Southern Oregon University's official advisory group charged with reviewing and recommending tuition and fee proposals each year. The Council's official charter, annual meetings and associated data can be viewed on the internet at this address: <https://sou.edu/president/tuition-advisory-council/>

Tuition and Fee Calculation

The Tuition & Fee Schedules by Institution included in this document provide detailed information regarding both Tuition and Fee rates on a per term basis.

As discussed in the section on Differential Tuition, several campuses have separate tuition rates (differential rates) high-cost/high demand programs. These tuition rates are provided in separate tables under the Differential Tuition section for each university.

Calculating Tuition & Fees

To appropriately calculate total Tuition and Fees, the mandatory fee rates must be added to the appropriate base or programmatic tuition amount based on the number of intended credit hours.

For example, a student classified as a resident undergraduate with a non-declared major attending Southern Oregon University and planning to take 15 credit hours for the term would calculate total tuition and fees as follows:

Source	Table Cell Location	Amount
SOU Undergraduate Base Tuition Table	Resident 15 credit Hours	\$2,835.00
SOU Mandatory Fees	Undergraduate - Total Fees - 15 credit hours	\$658.00
Total Tuition & Fees – per term		\$3,493.00

However, tuition and fees for a student enrolled in a program with a Differential tuition rate, such as Southern Oregon University’s Performing Arts Program, would be calculated by first locating the correct tuition rate from the applicable differential table and then adding the applicable mandatory fees. For example, a resident SOU, undergraduate student in the Performing Arts undergraduate program enrolling for 15 credit hours would calculate tuition as follows:

Source	Table Cell Location	Amount
SOU Performing Arts Undergraduate Differential Tuition Table	Resident 15 credit Hours	\$2,985.00
SOU Mandatory Fees	Undergraduate - Total Fees - 15 credit hours	\$ 658.00
Total Tuition & Fees – per term		\$3,643.00

Please note that the fees included in the tables in this document are mandatory fees that all campus students are required to pay. Programs may charge additional fees for specific courses (lab fees, etc.) and campus services (parking, etc.)

SOU TUITION AND FEE SCHEDULES

Note: After July 1, 2019, the rates listed here are subject to change by the Southern Oregon University Board of Trustees under ORS 352.102. For up to date information, see sou.edu/enrollment/tuitionandfees.

GLOSSARY OF TERMS

GLOSSARY OF TERMS COMMON TO HIGHER EDUCATION

Academic advisement: Each admitted student is assigned to a faculty member or a trained adviser who helps the student create and implement a plan, via regularly scheduled meetings, to attain short- and long-term academic and vocational goals.

Admitted student: Applicant who is offered admission to a degree-granting program at an Oregon University institution.

Applicant (first-time, first-year): An individual who has fulfilled the institution's requirements to be considered for admission (including payment or waiving of the application fee, if any) and who has been notified of one of the following actions: admission, non-admission, placement on waiting list, or application withdrawn (by applicant or institution).

Application fee: That amount of money an institution charges for processing a student's application for acceptance. This amount is *not* creditable toward tuition and required fees, nor is it refundable if the student is not admitted to the institution.

Application fee deferral: The application fee for first-time freshmen or transfer students may be deferred for students who meet specific requirements.

Articulation: The process by which two or more institutions align courses and programs to ensure the smooth flow of students between campuses.

Associate degree: An award that normally requires at least two but less than four years of full-time equivalent college work.

Bachelor's degree: An award (baccalaureate or equivalent degree, as determined by the Secretary of the U.S. Department of Education) that normally requires at least four years to complete.

Board rates (charges): Cost for a predetermined number of meals per week: generally within a meal plan.

Building fee: A legislatively mandated fee, which is assessed at the same rate for all public universities, on a per term basis, to finance debt service for construction, associated with student centers, health centers, and recreational facilities.

Calendar system: The method by which an institution structures most of its courses for the academic year.

Career counseling: A range of services that may include: coordination of visits of employers to campus; aptitude and vocational testing; interest inventories; personal counseling; help in résumé writing, interviewing, launching the job search; listings for those students desiring employment and those seeking permanent positions; establishment of a permanent reference folder; and career resource materials.

Class rank: The relative numeric position of a student in his or her graduating class, calculated based on grade point average, whether weighted or un-weighted.

Continuous basis (for program enrollment): A calendar system classification that is used by institutions that enroll students at any time during the academic year.

Community college transfer student: Within the OUS, "transfer students" must have completed a minimum number of credits for acceptable college level work. The hours required vary among the Oregon Public University campuses.

Credit: A unit of recognition of attendance or performance in an instructional activity (course or program) that can be applied by a recipient toward the requirements for a degree, diploma, certificate, or other formal award.

Credit course: A course that, if successfully completed, can be applied toward the number of courses required for achieving a degree, diploma, certificate, or other formal award.

Credit hour: A unit of measure representing an hour (50 minutes) of instruction over a 10-week period within a quarter system. It is usually applied toward the total number of hours needed for completing the requirements of a degree, diploma, certificate, or other formal award.

Deferred admission: The practice of permitting admitted students to postpone enrollment for a specific period-of-time, for example one academic term or one academic year.

Differential tuition: Differential tuition is defined as additional tuition that is supplementary to the base tuition level approved annually by the Oregon Board of Higher Education. Differential tuition is intended to 1) offset higher than average instructional costs; or 2) provide supplemental resources to enhance program quality; or 3) reflect the market for programs with high demand. *Note: Amounts included in the differential tuition schedules in this document represent the sum of the base tuition and the applicable differential amount.*

Degree: An award conferred by a college, university, or other postsecondary education institution as official recognition for the successful completion of a program of studies.

Degree-seeking students: Students enrolled in courses for credit who are recognized by the institution as seeking a degree or formal award. At the undergraduate level, this is intended to include students enrolled in vocational or occupational programs.

Delegation of authority: The Oregon statutes which grant authority to the Board of Higher Education to set tuition and fee rates for Oregon University System institutions through an established rulemaking process.

Distance education: An option for earning course credit at off-campus locations via cable television, Internet, satellite classes, videotapes, correspondence courses, or other means.

Doctoral degree: The highest award a student can earn for graduate study.

Double major: Completion of two undergraduate programs of study simultaneously.

Fee remission: The fee remission is a means by which a student's fees are assessed at the prescribed tuition rate and offset by funds from some other source.

First-time student: A student attending any institution for the first time. Includes students enrolled in the WINTER & SPRING TERMS who attended a postsecondary institution for the first time at the same level in the prior summer term. Also includes students who entered with advanced standing (college credit earned before graduation from high school).

First time, first-year (freshman) student: A student attending any institution for the first time at the undergraduate level. Includes students enrolled in the WINTER & SPRING TERMS who attended college for the first time in the prior summer term. Also includes students who entered with advanced standing (college credits earned before graduation from high school).

Freshman: A first-year undergraduate student.
